

PROSPECTUS

**THE
HALLMARK
SCHOOL & COLLEGE**

AN OVERVIEW

The Hallmark School & College is a modern, progressive, and values-driven educational institution committed to providing quality education from the early years up to HSSC (Intermediate) level. The institution believes in nurturing not only academic excellence but also strong character, confidence, and essential life skills. Hallmark offers a complete learning journey where students grow step-by-step in a supportive and well-structured environment.

At Hallmark, education goes beyond textbooks. The focus is on conceptual clarity, critical thinking, and practical understanding so that students can perform confidently at every stage. With an updated curriculum, qualified faculty, and student-centered teaching methods, the school ensures that every learner receives attention according to their individual potential. Regular assessments, activities, projects, and skill-based learning help students build strong academic foundations and prepare effectively for board examinations.

Along with academics, Hallmark places great importance on discipline, ethics, and social responsibility. The institution provides a safe, encouraging, and motivating atmosphere where students feel supported to explore their abilities and develop their personalities. The ultimate goal of Hallmark School & College is to produce responsible, capable, and future-ready individuals who can achieve their ambitions and contribute positively to society.

A Warm Welcome from the Managing Director

I am truly pleased that you are considering Hallmark School & College for your child's education. Choosing the right institution is a vital decision, and at Hallmark we take this responsibility seriously. We provide a supportive, well-structured learning environment where students from the early years up to HSSC (Intermediate) are guided to grow academically, morally, and socially. Our balanced approach focuses on conceptual learning, critical thinking, confidence-building, and essential life skills to prepare students for real-world success.

Over the years, Hallmark has helped many students achieve strong results and progress to reputable colleges and universities. With dedicated faculty, an updated curriculum, and continuous assessment, we ensure steady development for every learner. If you need any further information or guidance, please feel free to contact us. We look forward to welcoming you into the Hallmark family and working together for your child's bright future.

Winter Uniform:

In winter, the same uniform is worn with the addition of a navy-blue coat/blazer to maintain a formal and smart appearance. Students must continue to wear black shoes as part of the complete winter uniform. All students are expected to follow uniform rules strictly, ensuring cleanliness, proper fitting, and overall discipline in appearance.

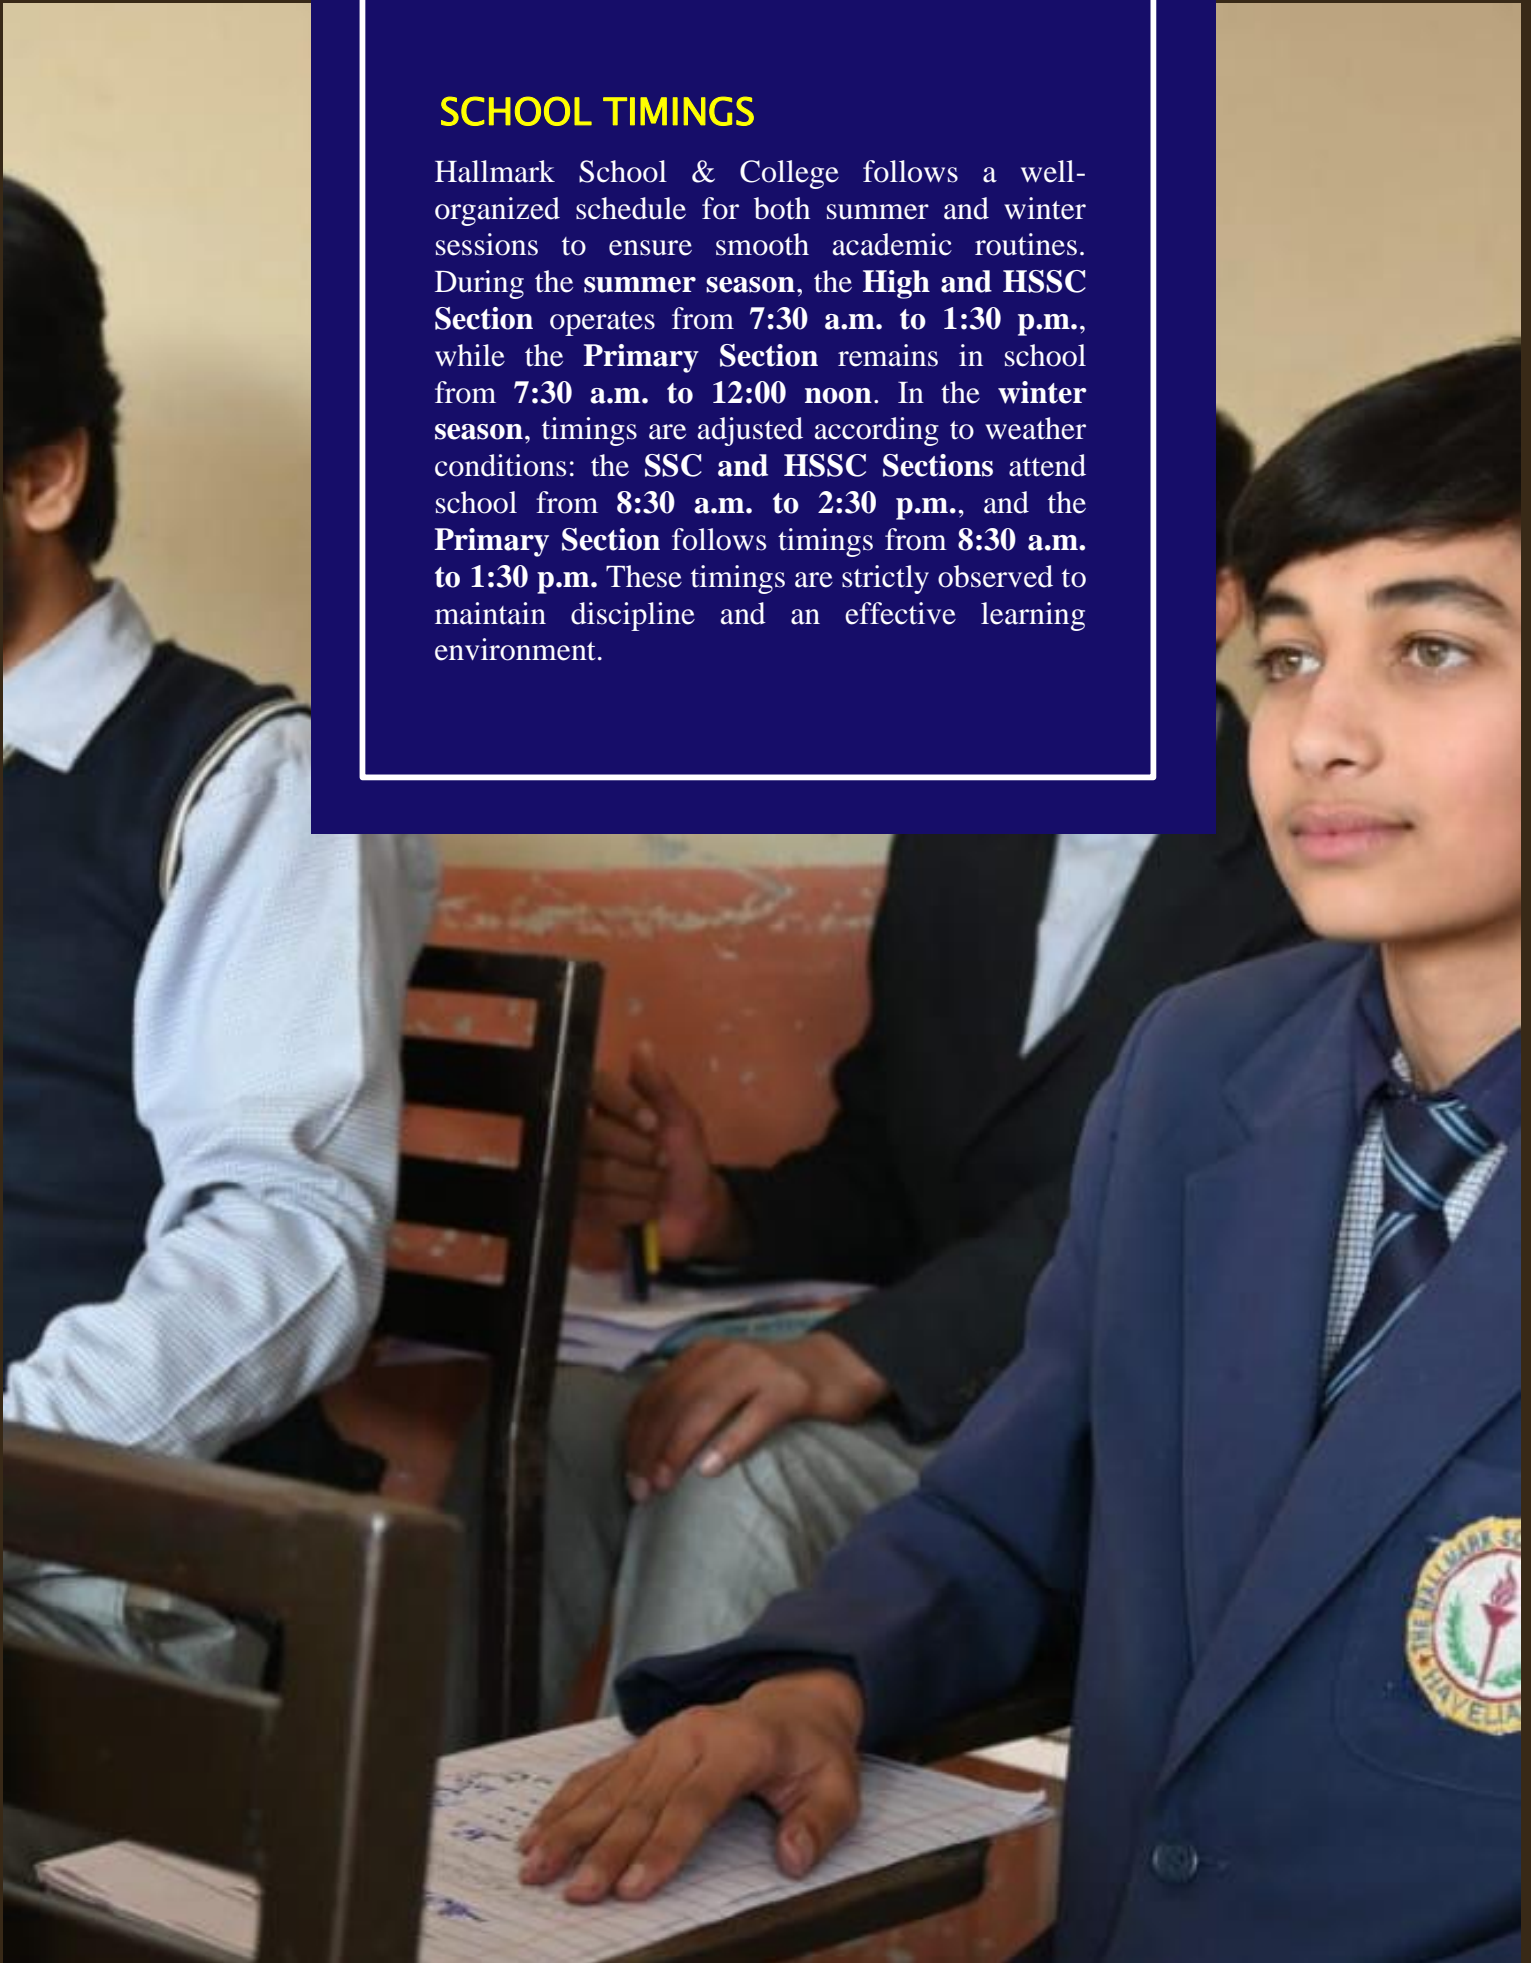

Summer Uniform

During summer, students wear the official Hallmark summer dress with a clean and professional look. The uniform should be properly ironed and worn with full neatness. Black shoes are compulsory for all students along with the proper school socks.

SCHOOL TIMINGS

Hallmark School & College follows a well-organized schedule for both summer and winter sessions to ensure smooth academic routines. During the **summer season**, the **High and HSSC Section** operates from **7:30 a.m. to 1:30 p.m.**, while the **Primary Section** remains in school from **7:30 a.m. to 12:00 noon**. In the **winter season**, timings are adjusted according to weather conditions: the **SSC and HSSC Sections** attend school from **8:30 a.m. to 2:30 p.m.**, and the **Primary Section** follows timings from **8:30 a.m. to 1:30 p.m.** These timings are strictly observed to maintain discipline and an effective learning environment.

OUR FACULTY

At Hallmark School & College, our faculty is the true strength of the institution. We have a team of qualified, experienced, and dedicated teachers who are committed to delivering quality education with care and professionalism. Our teachers focus on conceptual learning, individual student support, and effective classroom management to ensure steady academic growth. With a friendly yet disciplined approach, the faculty not only prepares students for excellent results in board examinations but also guides them in character-building, confidence, and life skills. Continuous training and modern teaching methods help our faculty stay updated and provide students with the best learning experience.

Admission Requirements

Admissions at Hallmark School & College are offered on the basis of merit and available seats. The admission process is conducted in a fair and transparent manner to ensure that every student is placed in the appropriate class according to their academic level. Admissions generally open before the start of the new academic session, and parents are advised to complete all formalities within the given time. Hallmark accommodates students from Playgroup up to HSSC and considers previous class performance, written tests, and interviews where required.

Hallmark School & College offers a complete academic program from Primary to High School, designed to build strong foundations and ensure excellent board performance. The Primary section focuses on basic learning skills, confidence-building, and moral grooming through a balanced curriculum. In the Middle classes, students are guided towards deeper conceptual understanding in core subjects, with regular assessments and skill development to prepare them for higher levels. The High section provides Matric education in **science subjects only**, and a key feature is that **Class 8 is treated as pre-Nine**, meaning Class 9 subjects are started in 8th grade to give students early preparation and a stronger grip on concepts.

At the HSSC (Intermediate) level, Hallmark offers career-focused groups including **Pre-Medical, Pre-Engineering, and Computer Science**. Each program is taught by qualified and experienced faculty with emphasis on conceptual clarity, exam-oriented preparation, and continuous academic support. This structured approach helps students achieve strong results and confidently move forward to professional colleges and universities.

Playgroup & Nursery:

For admission in Playgroup and Nursery, an age-appropriate intelligence/picture test is conducted. A short interaction with the child is also held to assess basic understanding and readiness. Parents/guardians may be invited for a brief meeting to discuss the child's development and school expectations.

Prep to IX & XI:

Admission in these classes is based on a written entry test according to the syllabus of the previous class. Candidates who secure the required marks in the entry test qualify for an interview. Final selection is made after reviewing the entry test result, interview performance, and previous academic record.

Grade X & XII:

Admissions in Grade X and XII are usually offered on the basis of previous board results or transfer cases. Provisional admission may be granted until the student submits the required board/result documents. Confirmation of admission is given once the student fulfills the minimum marks/criteria set by the institution and completes all documentation.

Hallmark School & College believes that learning is strongest when it is supported by healthy co-curricular and extracurricular activities. Along with academics, the school regularly organizes educational tours, speech and debate contests, quiz competitions, art and creative work, science exhibitions, sports events, and national or cultural celebrations. These activities help students build confidence, teamwork, leadership, discipline, and communication skills. Through active participation, students discover their talents, improve their social skills, and develop a balanced personality, making them well-prepared for future challenges in both education and life.
